**UNITED IN DEMOCRATIC VALUES, WE MOVE FORWARD TO** foster a community of inclusion and a true participatory democracy with emphasis on fair, effective and increased voter participation and promoting the GOTV (Get Out the Vote) program across Henderson County.

**YOUR CONTRIBUTION AT WORK** is visually portrayed in the chart as an integrated effective package of "Place, Planning, Personnel Volunteers, Preparing, Printing, Precinct Canvassing, Participant Training, and Programs...AND Positive Outcomes!"

**OUR VALUES GOVERN OUR EVERYDAY LIFE AND GUIDE OUR VOTING**

Our moral values are primary and focus on participative democracy and freedom for all. Values spring from an empathetic, nurturing, compassionate, responsible approach to our families, people, institutions and our environment. Our moral values define the issue areas and place limits on possible policies.

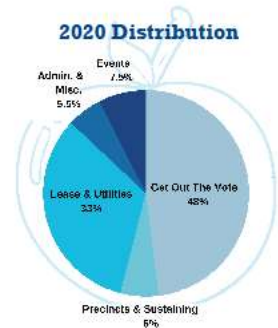

George Lakoff writes "In a government of, by and for the people, there is, or should be, no distinction between the public and the government. The results then are:

- ...**Empathy:** government should care about and for the public
- ...**Transparency:** government should inform the public truthfully
- ...**Freedom and Opportunity:** the private depends on public resources, both for private enterprise and private life. For example, if you're not educated, you're not free. If you have no health care, you're not free. If you're impoverished, you lack opportunity. Government has moral obligations to provide protection and empowerment for all equally."\*
