

2017-2018 Henderson County Democratic Party Officers

Mark Case, Chair

markvcase@myhcdp.com

My mission is to engage all local Democrats in a united, ongoing campaign in support of our Democratic candidates. Because we are all volunteers, we must make sure that those who step up to join us are welcome, treated respectfully, and encouraged to become and stay involved.

Kathleen Gould, First Vice-Chair

kathleengould@myhcdp.com

My primary goal as first Vice-Chair is to nurture the existing organized precincts with effective ways to communicate and grow their individual precinct teams, and to recruit leadership in undeveloped precincts. Increased voter turnout of Democrats is the result of increased involvement of committed Democrats at the precinct level.

As a former university instructor, my strengths are in language, communication, and analysis. I see myself as a nurturer and encourager, someone who can model the performance I want from my *students*, one who can coax performance out of people who think they *can't do it*.

Laura Bannister, Second Vice-Chair

laurabannister@myhcdp.com

It has been said that we host the best social club in Henderson County; however, I see in our ranks many hard workers who are dedicated to furthering Democratic values. Change happens on the local level, and it's my goal to engage and motivate others who share our goals. I will do all I can to educate, train, and fundraise--all while having a little fun! Now, let's elect some Democrats!

Joshua Denton, Third Vice-Chair

joshuadenton@myhcdp.com

My mission as the Third Vice-Chair is to communicate a message that reaches out, engages, educates, and inspires action! As we all know, change starts locally. My goal is to effectively communicate a message so that ALL Henderson County voters, no matter their party affiliation, can know the goals of the Democratic Party are in their best interest.

April McCormack, Secretary
aprilmccormack@myhcdp.com

I want to help strengthen the Democratic Party through organization, membership, fund raising, and help find strong candidates who will foster an attitude of compassion, inclusiveness, understanding, and respect for all. As a business owner, fundraiser, volunteer for both the Boy and Girl Scouts, and board member of The Roger Bacon Academy in Brunswick County, North Carolina, I hope to share what I've learned.

Karen Womack, Treasurer
karenwomack@myhcdp.com

As an officer, I will support and advance the vision and mission of the Henderson County Democratic Party and execute the position of treasurer with integrity, transparency and willingness to communicate effectively.
